Wednesday Sept 23rd 12pm

DANGARFIELD, TAROOM

ON PROPERTY AT "KINGSWOOD"

WELCOME

On behalf of our family, we would like to welcome you to sale number 32.

Since writing these same notes in 2019, it sure has been a wild ride, if 2020 was a horse we would still be lunging it before we would be ready to go for a ride!!! But it is refreshing to be experiencing better seasons & enjoying the increase in the market that was predicted. Current forecasts are that we will be enjoying this environment for some time to come. 2020 has been a year to remember - how lucky are we to live & operate in the land & industry that we do?

The cattle market in particular is flexing some muscle at the moment, it is great to see producers rewarded for their investments in quality genetics & for their efforts during tougher times.

We know if you are reading this we are most likely making contact with the already converted, but it has really hit home to us these last couple of years the importance to select & run a breeding herd of cattle with versatility. This provides you with more options to hit the top of as many markets as possible & this can prove to be invaluable. We believe that no breed is as versatile as Santa Gertrudis.

We are proud to present to you a team of 87 bulls, which we believe are a true representation of the 60+ years of breeding behind the Dangarfield herd - **packed with performance & backed by fertility.**

Lots 2, 4, 83 & 84 will be sold on a $\frac{7}{8}$ share & full possession agreement. Semen has been collected from these bulls for in-herd use only & no further call will be made on these bulls.

We strive to supply a wide selection of bulls to meet everyone's varied requirements & budgets - with 23 different sire lines & 11 of them having their "First Release" offering. We currently have some of our leading sires at "Kingswood" for the off season for you to inspect if you have spare time.

We frequently get comments about the condition of the bulls in our catalogue photos & whether they do the bull justice &/or should be printed? Please note that these photos are only taken in mid August just after the team have started their sale preparation. We do not even wash the bulls for these photographs. What you see in our catalogue photos is paddock condition bulls in the middle of winter. If nothing else, these photos prove that they only have minimal preparation, & demonstrates the constitution & doing ability of our team when you get to see them in the flesh on sale day.

**Our bulls are prepared for a long working life,
NOT fed for sale day!**

We would like to take this chance to thank all of the people who have helped us throughout the year. From our loyal & dedicated staff, friends & family who have stood by us with what we are trying to achieve, & the staff at SGBAA, THANK YOU!

At this stage we are planning to run our regular on property sale - as close to normal as possible, with the regulated COVID19 restrictions in place. If sale day is a bit daunting for you, please feel free to come for an earlier inspection prior to the sale. Alternately, video footage of each bull will be available on-line from the beginning of September. We will be conducting the auction in conjunction with the online Elite Livestock Auctions format.

Due to Ben's injury earlier this year we were unable to redraft our sale team after classification. We normally catalogue all of our Classified Bulls first & finish on our run of Herd Bulls. For this year only our Classified Bulls will start & finish the sale. Two runs of Herd Bulls will be sold through the middle of the offering. Our Classified Bulls will have WHITE LOT TAGS & the Herd Bulls will have GREEN LOT TAGS, as they do every year. Each bull is also noted in the catalogue as to what they are.

Thank you for taking the time to show interest in our cattle.

Regards,

Ben & Amanda Adams

***We hope to see you at "Kingswood"
Wednesday September 23rd for a 12pm start***

SELLING AGENTS

HOW TO REGISTER with ELITE LIVESTOCK AUCTIONS

Welcome to the new age of selling livestock in Australia and "Happy Bidding"

1  Simply go to www.elitelivestockauctions.com.au using your desktop, laptop, iPad, iPhone or android device

2  Click on the "Sign Up" page / link

3  Create a bidding profile using the bidder registration page.
(You can either register as a livestock agent, company or private buyer.)

4  Agree to the Elite Livestock Auctions Terms & Conditions and the Selling Agents Sale Terms & Conditions as printed in the official Sale Catalogue

5  Click "Register"

6  You will then be notified by email that an account has been created

7  Once an account has been created you are all "Set to Bid"

8  Each auction can then be viewed by clicking "Live Auction" logo on the Elite Livestock Auctions website

9  Once you receive email notification that your account has been created please go to the sale you wish to bid at and click "Request to Bid"

10  The sale agents will then approve your application to bid and on the sale catalogue you will see "✓ Bid Request Approved"

11  On Sale day simply login, click "Enter Auction" on the catalogue page and you can start bidding.
(There is no need for software download)

12  At the completion of the auction, invoicing will be carried out as per your registration details by the Selling Agents.

Livestock™

INTRODUCTION

Since the purchase of Dangarfield in 1947, we have always strived to breed quality, highly fertile cattle that are easy-doing with a good temperament, therefore making them easy & efficient to manage while increasing profits with little input costs. We believe that the draft of bulls this year reflects these goals well.

The stud was founded in 1983 after running a pure Santa Gertrudis commercial herd for over 30 years, & strict criteria is maintained to keep them producing at an optimum. Our motto, '**Calf or Carcass**' has been enforced for over 45 years.

Without high fertility, calving ease, correct structure & docility the longevity of a breeding herd is compromised. There is a cost of raising a weaner heifer through to weaning her own first calf & this cost is spread over the number of calves produced in her lifetime. Maximising her longevity reduces her total running cost & boosting your profits.

Heifers are joined at an average of 12 months of age & must calve unassisted. All females must go in calf each year thereafter, or be turned over to carcass. There are only 2 ways that a cow doesn't make you money annually: she dies, or you don't sell her if she fails to reproduce. Our stud herd is now joined in paddocks of 70-90 cows with 2 sires selected for each group. Adding to that we are now fully committed to ET & IVF programs throughout the year. For a cow to be considered for the donor program she must first have a proven track record for consistent early calving & quality progeny to go with. Ideally her dam would also have an impressive track record. There are 29 bulls throughout this offering for your competition from our leading donor cows.

For each sale bull, their dam's calving dates & average calving interval (ACI) have been supplied. The calving interval is calculated automatically by HerdMaster from when her first calf is born. It is the average number of days between calving dates across a dam's breeding lifespan. As with all averages, it becomes a stronger indicator when more progeny are recorded. A dam's ACI will be interrupted when she is allocated into the donor program & these have been removed & noted with an *. We have decided to supply this data in our catalogue because we believe they are among some of the best within the breed.

Dangarfield bulls have served our clients well over the years. This has seen them go to 5 states & territories within Australia, & semen being exported to 5 countries around the world. We constantly get feedback about their fertility & doing ability off pasture.

Many of our clients return year after year, & knowing that we are helping them with the progress of their herds, gives us great satisfaction. Over the last 12 years, 91% of our sales at auction have gone to repeat clientele.

It has been very gratifying over the last couple of years, but in particular of late, on the positive feedback about the daughters our bulls are providing their respective herds. From a lift in conception rates, to milking ability & overall performance, this feedback is always appreciated. Although, it doesn't surprise me, after all our herd has been strictly managed along these traits for over 6 decades. To see clients cattle performing above expectations in any area gives us a greater thrill than watching our own cattle performing well.

We strive to produce cattle with low birth weight, rapid growth, with the constitution & ability to easily put on condition off pasture, & backed by high fertility & good temperament.

Our herd has been developed on these standards for longer than we have been around & it will continue to be pressured to achieve all of these goals.

When purchasing our cattle you can be confident with generations of fertile & efficient cattle that are backed by accurate information, as well as our stud, family & personal reputation.

Feedback on our cattle & their progeny is always welcome.

***“Go alone & you may go far,
go together & you both will go further”***

NOTICE TO BUYERS

LOCATION

A map to 'Kingswood' is provided on the inside front cover.

INSTRUCTIONS TO BUYERS

In the interest of all buyers, all instructions covering the delivery of cattle purchased at this sale **MUST** be given in writing & signed by the buyer or their representative. The agents responsible for the books will provide a form for this purpose.

REBATE

A rebate of 3% will be allowed to agents introducing buyers in writing 48 hours prior to the sale & making settlement on their behalf within 7 days of the sale.

REFRESHMENTS

Morning tea & lunch will be available at 'Kingswood'.

ACCOMMODATION

Places to stay in Taroom

Leichhardt Hotel Motel 07 4627 3137

Cattle Camp Motel 07 4627 3412

Country Rest Cabins 07 4627 3378

TRANSPORT

Transport is available from 'Kingswood'. All bulls delivered, at purchaser's risk, to saleyards at Roma, Moura, Eidsvold, Miles or similar distances & enroute if possible.

INSPECTION

Inspection of cattle may be arranged any time prior to the sale.

AIRSTRIp DETAILS

Licensed Taroom-Wandoan Airstrip (23km from Taroom)

Longitude: 149° 48' 0" E Latitude: 25° 39' 0" S

For further details contact:

Western Downs Regional Council 1300 268 624

DISCLAIMER

Every care has been taken in compiling this catalogue to ensure accuracy of information supplied, but no responsibility is accepted for any errors which may have occurred.

INJURY TO PERSON OR PROPERTY

All persons who attend the Sale do so at their own risk & the vendors assume no liability or responsibility, legal or otherwise, for any accident, injury or infection which may occur.

HEALTH

The herd is TB & Brucellosis free.

'Kingswood' is a tick-free area.

All bulls have passed a crush-side semen test & Lab tested morphology.

The herd is now a **tested Level 6 J-BAS** allowing our cattle to enter the Northern Territory.

TREATMENT HISTORY

Noted below are the treatments each sale bull has received throughout the course of their life:

- May-June 2018: All breeders PTIC received:
7-in-1 booster
Pestiguard booster
- Nov-Dec 2018: All calves branded received:
5-in-1
- May-June 2019: All weaners received:
5-in-1 booster
Ivomec Pour-on
- October 2019: All bulls received:
1 dose 3-germ blood
Cattlemax Pour-On
- Dec2019-Mar2020: All bulls received:
2 doses of 3-day vaccine
2 doses of 7-in-1
2 doses of Vibro
1 dose of Botulism (3 year)
- May 2020: Semen & Morphology tested
Classification
Starmec Pour-On
- June 2020 All bulls started on sale preparation in open grass paddocks & are made to walk 1km from feed to water (*meaning they are walking approx 4km/day*)
- September 2020: Scrotal Measured
Muscle & Fat scanned

**We are committed to selling the best bulls that we can,
as healthy as we can, & the rest is up to you.**

Reference Sires

DANGARFIELD QUARTERBACK (P)

WACO JACK (P)
DANGARFIELD JACK JUNIOR (P)
DANGARFIELD 3107 (P)

DANGARFIELD QUARTERBACK (P)
SANTA PARK FLICKER
DANGARFIELD 0131
DANGARFIELD 1166

Quarterback (P) has taken our entire herd to the next level, in 9 years 70 sons have been auctioned to gross over \$743 000, average \$10 614 & top at \$40 000 for Dangarfield Universe (PS) to Riverslea Group. Seven sons & ten grandsons have been retained & they in their own right are making valued contributions to our herd.

In addition to this, we are seeing some outstanding young daughters & granddaughters come through the ranks in our breeding herd & we are excited about the potential they are offering.

The constitution of Quarterback (P) was something that had to be seen to be believed. People who inspected him had trouble believing that he was not on feed. He held his condition all year round. His amazing constitution & doing ability off grass is a trait he passes on strongly & we are keen to get this trait through our herd as much as possible, especially for our pasture finishing operation. To have a large volume of carcass on an animal & yet still be able to have more cover than most others is extremely rare, add to this his placid nature, & being polled, he really was something special. His progeny will always stand out in their mob & catch your eye, generally because they are the ones carrying the most body condition. We believe that these traits will never go "out of fashion" so we will continue to use Quarterback (P) in our ET & IVF Programs.

Semen of Quarterback (P) has been sold into 3 states within Australia, & exported to South Africa, Zambia, Namibia & Paraguay, where 2 sons have been named National Champions & 1 went on to be Grand Champion Bull of South America.

He may have been our "ONCE IN A LIFETIME SIRE" & he has set the bar high for us to clear in the future.

TWO sons represented at lots **18 & 72**

Reference Sires

DANGARFIELD TORNADO

DANGARFIELD JACK JUNIOR (P)
DANGARFIELD QUARTERBACK (P)
DANGARFIELD 0131

DANGARFIELD TORNADO

WAVE HILL MANILLA
DANGARFIELD 2710
DANGARFIELD 0316

Tornado was retained from the first crop of Quarterback (P) progeny. His dam was a great looking cow with a strong track record, she had 7 calves with a 370 ACI. All 4 of her sons classified with 3 going to auction to average \$8 000, & 1 daughter was retained in the stud.

Tornado is an impressive individual, being slick & dark coated with plenty of loose skin, a perfect sheath & structure. Even as our oldest sire, at 11 years of age - he is as sound as he has ever been. We are impressed by how Tornado has reproduced consistently within his progeny. His daughters are now among some of our best young cows, with style, character, & fertility all in the one package. They are starting to make their own mark within our herd.

Tornado strides around his paddock with ease, & it is a pleasure to watch him cover the country. You just know that the job will be done right in the paddock that you place Tornado in.

He won many championships in his 2 years on the show circuit, including Beef Week 2012 & the 8th Santa Gertrudis World Congress held in Brisbane in 2012.

Semen from Tornado has been exported to South Africa, Namibia & New Zealand.

We have retained a son - Dangarfield Chitaqua (PS) who we are very excited about.

To date 32 sons have sold at auction to top at \$19 000, averaging just over \$8 600 & grossing \$276 000.

We currently have Tornado at Kingswood for the off season if you would like to inspect him.

SEVEN sons can be found at lots **22, 25, 26, 27, 33, 71 & 78**

Reference Sires

DANGARFIELD VEGAS

WARENDA ROLEX (AI)
HARDIGREEN PARK LEGEND
PINAROO P78

DANGARFIELD VEGAS

DANGARFIELD BEACON
DANGARFIELD 9097
DANGARFIELD 3107 (P)

We just love our Vegas progeny - made square & sound, quiet, correct & consistent, that is the easiest way to describe them.

It was a mistake to sell Vegas privately after only 1 season of natural service, from this first calf crop he averaged \$9 542 & topped at \$20 000. After that, we approached the purchasers of Vegas & acquired some semen straws to use in ET & IVF.

When you look back through his pedigree it is no wonder he bred so well. His dam was a highly fertile Dangarfield Beacon daughter, Dangarfield 9097 who produced 12 progeny with a 360 day calving interval. Her sons averaged just under \$7 000 & 3 of her daughters went into the stud herd. His sire, Hardigreen Park Legend, produced big performing, fast finishing progeny suitable for pasture production.

We are very impressed with the Vegas progeny with consistency across the entire line. His daughters have also returned strong preg test results.

To date 1 son has been retained & 14 sons have sold to average just over \$10 000 & top at \$22 000.

NINE sons represented at lots **12, 15, 21, 29, 32, 37, 66, 67 & 77**

Reference Sires

DANGARFIELD X-ECUTIONER (P)

WAVE HILL Z31 (P)(AI)
GRAYLN DROVER (P)
GRAYLN B739 (P)

DANGARFIELD X-ECUTIONER (P)

HARDIGREEN PARK LEGEND
DANGARFIELD 2016 (P)
DANGARFIELD 6472 (P)

An outcross poll sire with a bomb proof nature.

X-Ecutioner (P) has a light sheath while maintaining loose skin & a good broad clean polled head.

X-Ecutioner (P) sustained a hip injury & is unable to cover many cows naturally, so we are using him as a “go to” sire through AI in our ET & IVF Programs. We will be continuing to use this sire for many years to come.

His daughters are among some of our best. They are very stylish with that great wedge shape about them, dark in colour & predominately polled with a great nature like their sire. We feel they will become highly valued breeders in the future.

To date 8 sons have averaged over \$10 600 & topped at \$26 000

NINE sons represented at lots **2, 7, 13, 14, 17, 30, 35, 56 & 79**

Reference Sires

DANGARFIELD YOKOHAMA (P)

DANGARFIELD SUMMIT (P)
DANGARFIELD VOLCANO (P)
DANGARFIELD 6465

DANGARFIELD YOKOHAMA (P)

DANGARFIELD PATROL CHIEF
DANGARFIELD 9483
DANGARFIELD 5402

This is an interesting pedigree packed with performance. Summit (P), Volcano (P) & Patrol Chief were all known for the growth they could produce.

Yokohama's (P) dam, Dangarfield 9483 had 7 calves, with a 368 day ACI, with 2 daughters going back into our breeding herd.

From the moment the very first Yokohama (P) son set foot in our auction ring, making \$21 000 & selling to Mac Knudsen, we knew we had a sire that needed more opportunity. Every year we join a couple of lead sires to our commercial herd for a few months head start on the rest of the sires, Yokohama (P) has been one of these lead bulls for 2 years now. After seeing his consistent progeny & sale results, this coming joining season will see him re-enter the stud herd.

To date Yokohama (P) sons at auction have averaged \$10 875.

We currently have Yokohama at Kingswood for the off season if you would like to inspect him.

SIX sons represented at lots **4, 5, 6, 76, 84 & 85**

Reference Sires

DANGARFIELD ZULU

CANOWINDRA GOLD EDITION
BULLAMAKINKA JAGUAR
KELLY WALLAH Z21

DANGARFIELD ZULU

WARRILLEE VERNON
DANGARFIELD 0322
DANGARFIELD 9226

The powerhouse of the Dangarfield sire battery!!!

A member of our show team for 2 years & we don't think we have ever shown a more successful individual. At 8 shows he was awarded 16 broad ribbons - Supreme Exhibit of Wandoan, Interbreed Champion of Springsure, Interbreed Champion of Emerald & Reserve Senior Champion Santa Gertrudis Bull Beef 2018 were some of his individual highlights. He was also the lead member of our exhibitor group, winning a further 7 broad ribbons.

Zulu commands attention when you inspect him in the paddock & he demands the respect from the other sires. He dominates his cow herd & the other sires give him all the space he wants in the off season.

This is Zulu's first release offering & they are the babies of this draft. If you have the time we would love to show you some of the weaner bulls & what is coming up for next year. You can pick them from a mile off - big & square, dark in colour & they have the same upstanding proud strut as their sire. There are some pretty cool customers among them.

We currently have Zulu at Kingswood for the off season if you would like to inspect him.

SIX sons represented at lots **8, 9, 54, 55, 58 & 74**

Reference Sires

BULLAMAKINKA JAGUAR

CANOWINDRA B64 (P)
CANOWINDRA GOLD EDITION
QUANDILLA Y35 (P)

BULLAMAKINKA JAGUAR J170

KENDARA SANDMAN 3701
KELLY WALLAH Z21
KELLY WALLAH 1086

Purchased for \$10 500 at the Inaugural Bullamakinka Invitational Sale in 2014.

Jaguar has grown into our largest sire & we think a fair bit of his progeny. He has bred consistently good quality, high growth calves that stand on good bone, slick coated dark in colour, with a great nature, just like himself.

He has an extremely high libido & good serving ability. From the paddock that he was first joined in we sent away 26 hair samples for DNA Sire Verification resulting in 18 of them being sired by him. Not a bad effort considering there were another 4 sires in the paddock that season!!

To date 2 sons have been retrained & 16 sons have averaged over \$11 300 & topped at \$30 000.

We currently have Jaguar at Kingswood for the off season if you would like to inspect him.

ALPA LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
 - (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
 - (c) A buyer is bound by these terms and conditions by bidding at auction.
 - (d) Competition and Consumer Act (Cth) 2010

It is unlawful for parties that are, or otherwise would be, in competition with each other to make, or give effect to, a contract, arrangement or understanding that contains a provision relating to:

- i. price-fixing; or
- ii. restricting outputs in the production and supply chain; or
- iii. allocating customers, suppliers or territories; or
- iv. bid-rigging; or
- v. collusive bidding.

Large fines and other sanctions may be imposed for unlawful conduct.

2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors and agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.

(b) When used in these terms the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.

3. The following applies in interpreting these terms and conditions:

(a) The following words have the following meanings:

Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent;

Livestock means animals auctioned pursuant to these terms and conditions; and

Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions

and (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer;

(ii) plus any GST added in accordance with clause 12.

(b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.

5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.

6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.

7. Prior to the fall of the hammer the auctioneer shall announce the last bid and receive any further bids. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.

8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.

9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.

10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.

11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:

- (a) the purchaser's name; or
- (b) the bid card number which identifies the purchaser; or
- (c) the name of the person on whose behalf the successful bid was made; and
- (d) the Property Identification Code (known as the "PIC") of destination.

12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.

13. The vendor warrants;

- (a) That the vendor has (or will have) the right to sell the livestock at the time of delivery; and
- (b) That the purchaser will obtain title on completion of the purchaser's obligations under this contract inc payment.

14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.

15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in an agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.

16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.

17. (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the Hammer.

(b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.

(c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.

18. (a) Subject to this clause the sale is complete on the fall of the hammer.

(b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:

- (i) delivery is taken by a representative of the buyer;
- (ii) departure of the animal from the purchaser's delivery pen; or
- (iii) one hour after the last animal is:
 - a. in the case of pre-sale weighing, sold; or
 - b. in the case of post-sale weighing, weighed.

(c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.

(d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.

(e) This subclause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and onto the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This subclause does not apply if the agent makes an announcement to that effect prior to sale.

19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.

(b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.

(c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.

(d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

(e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

(f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLIS/ERP database, the agent will inform the buyers by presale catalogue and/or announce the status prior to the offering of those lots.

20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:

(a) does not acquire title to the livestock;

(b) holds the livestock as bailee only for the vendor;

(c) must act in a fiduciary capacity in its relationship with the vendor;

(d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;

(e) is responsible for the safety and well being of the livestock;

(f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and

(g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.

21. The purchaser agrees that:

(a) Clause 20 creates a registrable security interest under the Personal Property Securities Act (Cth) 2009 (PPSA);

(b) the Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 25 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;

(c) the Livestock are collateral for the purposes of the PPSA;

(d) to the extent permitted, the Purchaser waives any right the Purchaser has under the PPSA to receive notices; and

(e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to this contract

22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.

23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the del credere agent of the vendor at law.

23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.

23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.5 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.

23.4. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:

(a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and

(b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.

23.5. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).

23.6. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:

(a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and

(b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.

23.7. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.

23.8. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:

(a) by this clause 23, other than as it expressly provides; or

(b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.

23.9. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.

24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.

(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.

(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.

25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.

(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE – VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:

- (a) pass government and other regulatory authority requirements and inspections at the time of slaughter;
- (b) are of merchantable quality;
- (c) carry an NLIS device in accordance with State law;
- (d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in any document, the livestock will have those characteristics or will be fit for the particular purpose or market; and
- (e) all information in any document provided by the vendor is true, complete and correct in all material respects.

28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.

29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.

30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.

31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:

- (a) the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
- (b) the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.

32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:

- (a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
- (b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
- (c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by government. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the relevant government certificate, existed prior to the fall of the hammer.

35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.

36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:

- (a) a certificate is issued by government which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
- (b) the certificate is received by the selling agent either in its original form or by fax or electronic communication in the form of data, text or imaging by 5:00pm on the 7th day after the fall of the hammer; and
- (c) if the condemnation is due to chemical residue the certificate follows testing in a government approved laboratory which establishes maximum residue limits in excess of the Australian limit.

37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of bruising, fever, partial condemnation or emaciation.

CHAPTER FIVE - NOTICES REQUIRED BY LEGISLATION

NSW Property, Stock and Business Agents Act 2002 Warnings Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:

- (i) to abstain from bidding; or
- (ii) to bid to a limited extent only; or
- (iii) to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices. The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Tasmania Legislation. An auctioneer conducting a public auction must not appear to acknowledge the making of a bid if no bid was made. A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or do any other thing which may prevent free and open competition.

WA Auction Sales Act 1973 s31 NOTICE. It is an offence to:

- (i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to elect to take over as buyer or to toss or draw lots to establish who is to become the owner;
- (ii) abstain or agree to abstain from bidding as a result of such a promise;
- (iii) knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of the actual successful bidder;
- (iv) enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
- (v) in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.

COVID-19

The DANGARFIELD sale will operate under the current QLD COVID-19 requirements on the day. Fortunately, agriculture is recognised as an essential service, with livestock auctions listed as exempt activities under the Morrison Government.

The health & wellbeing of registered buyers, agents & workers is our highest priority. To ensure their safety, we are advising that entry to the stud sale complex should be limited to essential attendees. Do not attend the sale in person if you have any cold or flu symptoms or if you have travelled in the last 14 days to a place identified as a COVID-19 hotspot, have had contact with a COVID-19 infected person in the previous fortnight, or are awaiting test results. If this is you, please stay at home & participate on ELITE LIVESTOCK AUCTIONS or over the phone. Feel free to contact us to work out an arrangement.

All on-property sale attendees (including workers) will be required to sign in/register with their contact details when entering. If an attendee's presence is deemed non-essential, entry may not be granted. Ample hand sanitizer will be supplied on the day at our "COVID Clearing Dip" & social distancing will be observed.

INTERSTATE TRAVELLERS: If you are travelling from NSW for the day, no entry is required to return back into NSW but each NSW resident will need to apply online for a current QLD Entry Pass in order to enter the state.

REFRESHMENTS: Subject to change, lunch & refreshments will be served under the current QLD COVID-19 requirements on the day. Self-serving and queuing areas will be clearly marked with social distancing requirements.

COVID-19

HEALTH & SAFETY OF VISITORS: COVID-19 social distancing & frequent hand sanitizing must occur whenever possible. It is important everyone continues to stay 1.5 metres away from others wherever possible, unless visitors are from the same household where they will be permitted to sit beside each other. The sale ring grandstand will be set up as per current social distancing requirements.

We recognise that the management of this pandemic is continually evolving with measures that can sometimes change on a near-daily basis. We will continue to monitor and implement any recommendations & control measures advised by the Australian & Queensland Governments.

We will do our absolute best to provide a safe & clean facility, but it's a bit like farm safety. You can have all the signs & precautions but we please ask to assess your own risks and mitigate as best you can.

**Thanks for being part of our
32nd sale**

**We wish you a safe trip home, and
hope to see you again next year**
