*Please bring this catalogue to the sale,
Monday 19th September 2016*

WELCOME

On behalf of our family, we would like to welcome you to sale number 28.

This year we have catalogued 97 bulls for your competition. They are sired by 25 different sires, and 13 of these have their "first release" sons on offer. We are committed to investing in fresh bloodlines each year. At times this is not easy, or cheap, but we do so to offer plenty of variety, making it possible for return clientele to select replacement sires from us year in, year out.

Over the last 3 years we have conducted 8 large scale ET programs, with 2016 marking the first of these sons hitting the market. It has been a steep learning curve managing 30 odd donor cows and around 380 recipients throughout the course of the year. It has been both challenging and rewarding, but in order to meet market demand for our bulls, it is something we have not taken on lightly.

This year we held our inaugural DANGARFIELD ADVANTAGE SALE marketing 470 head of cattle, all carrying Dangarfield genetics. A thank you must go to all the agents involved, and in particular to the families who backed our concept from the beginning. To the Atkins, Knudsen, Newton, Presho and Walton families, thank you and congratulations on what was a great sale. We want to see this become an annual event open for all of our clients. If you are at all interested in being part of this sale in the future, please feel free to contact us.

This year's sale draft were weaned and, due to dry conditions at Kingswood, were left at Dangarfield for longer than usual. They were brought down to Kingswood in October, put on a molasses mix in January, and only started on sale preparation in the last week of June.

**Our bulls are prepared for a long working life,
NOT fed for sale day!**

We frequently get comments about the condition of the bulls in our catalogue photos and whether they do the bull justice and/or should be printed. Please note that these photos are only taken in July. What you see in our catalogue photos is basically paddock condition, pasture fed bulls, in the middle of winter. If nothing else, these photos prove that they only have minimal preparation and it also demonstrates the constitution and doing ability of our team when you get to see them in the flesh on sale day.

The 4 generations of Adams' who have run Dangarfield have all strived for quality cattle, and take great pride in what we do and produce. Please feel free to give us, or your preferred agent, a call and come for an inspection at any time. We'd be only too pleased to show you first-hand how we do things around here, and are always up for a yarn.

A Santa sale is as much as an important day of business as it is a social day out for all concerned. The more time we spend around the people involved in this breed, the more we come to appreciate how lucky we all are. From the staff at the Santa Gertrudis Association, who keep things moving along, to fellow stud breeders through to commercial producers, there are plenty of people involved throughout that we enjoy catching up with. For those of you that may not be in the market for bulls this year, please feel free to come and have a day out with us away from the farm.

On auction day seeing not only clients but also good family friends investing in their future from an offering of bulls that we put up in our sale, which have been several years in the making, and then being able to down a few cold beers and some prawns with them afterwards, is a very rewarding way to spend a day for us!

We would also like to take this chance to thank all of the people who have helped us throughout the year. From our loyal and dedicated staff, friends and family who have stood by what we are trying to achieve, thank you!

We are committed to selling the best bulls that we can, as healthy as we can, and the rest is up to you.

Thank you for taking the time to show interest in our cattle.

We hope you enjoy your day with us.

Regards,

Ben and Amanda Adams

*See you at "Kingswood" on
Monday September 19th for a 10.30am start.*

SELLING AGENTS

HOW TO REGISTER with ELITE LIVESTOCK AUCTIONS

Welcome to the new age of selling livestock in Australia and "Happy Bidding"

1  Simply go to www.elitelivestockauctions.com.au using your desktop, laptop, iPad, iPhone or android device

2  Click on the "Sign Up" page / link

3  Create a bidding profile using the bidder registration page.
(You can either register as a livestock agent, company or private buyer.)

4  Agree to the Elite livestock Auctions Terms & Conditions and the Selling Agents Sale Terms & Conditions as printed in the official Sale Catalogue

5  Click "Register"

6  You will then be notified by email that an account has been created

7  Once an account has been created you are all "Set to Bid"

8  Each auction can then be viewed by clicking "Live Auction" logo on the Elite Livestock Auctions website

9  Once you receive email notification that your account has been created please go to the sale you wish to bid at and click "Request to Bid"

10  The sale agents will then approve your application to bid and on the sale catalogue you will see "✓ Bid Request Approved"

11  On Sale day simply login, click "Enter Auction" on the catalogue page and you can start bidding.
(There is no need for software download)

12  At the completion of the auction, invoicing will be carried out as per your registration details by the Selling Agents.

THANK YOU TO OUR AGENTS

A RURALCO PARTNER

INTRODUCTION

Since the purchase of Dangarfield in 1947, we have always strived to breed quality, highly fertile cattle that are easy-doing with a good temperament, therefore making them efficient to manage and increasing profits with little input costs. We believe that the draft of bulls this year reflects these goals well.

The stud was founded in 1983, and strict criteria is maintained to keep them producing at an optimum. Our motto, '**Calf or Carcass**' has been enforced for over 40 years. Heifers are joined at an average of 12 months of age and must calve unassisted. All females must go in calf each year thereafter, or be turned over to carcass. There are only 2 ways that a cow doesn't make you money annually: she dies, or you don't sell her if she fails to reproduce. Our stud sires are joined to approximately 50 females, and if they don't obtain 90% or better PTIC, are removed from stud duties.

We now run 3 separate entities within our breeding herd: stud, purebred commercial, and a cross bred terminal herd. If any sire doesn't deliver the standard we expect from them we are not afraid to downgrade them, and try and replace them if need be. This is how we apply pressure to our sires to make sure they are holding up their end of the bargain and it also keeps the fresh bloodlines coming through.

For each sale bull, their dam's calving dates and calving interval have been supplied. The calving interval is calculated automatically by HerdMaster from when her first calf is born. It is the average number of days between calving dates across a dam's breeding lifespan. A fertile young cow may be penalized on this system, but as with all averages, it becomes a stronger indicator when more progeny are recorded. We have decided to supply this data in our catalogue because we believe they are among some of the best within the breed.

We have always strived to produce cattle with a low birth weight, rapid growth, with the constitution and ability to easily put on condition, high fertility and good temperament. Our herd has already done the hard yards to produce this. It has been developed on these standards for longer than we have been around and it will continue to be pressured to achieve all of these goals.

Dangarfield bulls have served our clients well over the years. This has seen them go to 5 states and territories within Australia, and semen being exported to 5 countries around the world. We constantly get feedback about their fertility, and orders for sires to be joined to maiden heifers for easy calving. Many of our clients return year after year, and knowing that we are helping our clients to progress gives us great satisfaction. Over the last 9 years, 92% of our sales at auction have gone to repeat clientele.

When purchasing our cattle you can be confident with generations of fertile and efficient cattle that are backed by accurate information and our stud, family and personal reputation.

Feedback on our cattle and their progeny is always welcome.

NOTICE TO BUYERS

LOCATION:

A map to 'Kingswood' is provided on the inside back cover of our catalogue.

INSTRUCTIONS TO BUYERS:

In the interest of all buyers, all instructions covering the delivery of cattle purchased at this sale **MUST** be given in writing and signed by the buyer or their representative. The agents responsible for the books will provide a form for this purpose.

REBATE:

A rebate of 3% will be allowed to agents introducing buyers in writing 48 hours prior to the sale, accompanying them to the sale and making settlement on their behalf within 7 days of the sale.

REFRESHMENTS:

Morning tea will be available at 'Kingswood'. A bar will also be operating at the completion of the sale.

ACCOMMODATION:

Places to stay in Taroom

Leichhardt Hotel Motel: 4627 3137

Cattle Camp Motel: 4627 3412

Country Rest Cabins: 4627 3378

Accommodation may be booked through your preferred agent. Please book early.

TRANSPORT:

Transport is available from 'Kingswood'.

All bulls delivered, at purchaser's risk, to saleyards at Roma, Moura, Eidsvold, Miles or similar distances.

INSPECTION:

Inspection of cattle may be arranged any time prior to the sale.

AIRSTRIP DETAILS:

Licensed Taroom-Wandoan Airstrip (23km from Taroom)

Longitude: 149° 48' 0" E Latitude: 25° 39' 0" S

For further details contact:

Western Downs Regional Council 1300 268 624

DISCLAIMER:

Every care has been taken in compiling this catalogue to ensure accuracy of information supplied, but no responsibility is accepted for any errors which may have occurred.

INJURY TO PERSON OR PROPERTY:

All persons who attend the Sale do so at their own risk and the vendors assume no liability or responsibility, legal or otherwise, for any accident or injury which may occur.

HEALTH:

The herd is TB and Brucellosis free.

'Kingswood' is a tick-free area.

All bulls have passed a crush-side semen test.

TREATMENT HISTORY

Noted below are the treatments each sale bull has received throughout the course of their life:

May-Jun 2014:	All breeders PTIC received: 7-in-1 booster Pestiguard booster
Nov-Dec 2014:	All calves branded received: 5-in-1
May-Jun 2015:	All weaners received: 5-in-1 booster Ivomec Pour-on
Jan-Feb 2016:	All bulls received: 2 doses of 3-day vaccine 1 dose of Botulism 5-in-1 booster
Apr 2016:	Classification 1 dose 3-germ blood
Early Jun 2016:	Drafted into Auction Team Ivomec Pour-On
Late Jun 2016:	All bulls started on sale preparation in open grass paddocks
Aug 2016:	Semen tested

Reference Sires

DANGARFIELD QUARTERBACK (P)

WACO JACK (P)

DANGARFIELD JACK JUNIOR (P)

DANGARFIELD 3107 (P)

DANGARFIELD QUARTERBACK (P)

SANTA PARK FLICKER

DANGARFIELD 0131

DANGARFIELD 1166

Quarterback (P) is a stand out sire in our herd when you look back over what he has achieved. He has grossed over \$600 000 in 5 years of progeny sales, to average \$9 900 with a top of \$40 000 for Dangarfield Universe (PS) to Riverslea Group. Five sons have also been retained for in-herd use.

In 2015 we also witnessed the first grandsons of Quarterback sell well for the respective studs who have purchased his sons so far.

Semen of Quarterback (P) has been sold into 3 states within Australia, and exported to Paraguay, South Africa, Zambia and Namibia.

The constitution of Quarterback is something that has to be seen to be believed. People who have inspected him here at home have trouble believing that he is not on feed. He holds his condition all year round. His amazing constitution and doing ability off grass is a trait he passes on strongly and we are keen to get this trait through our herd as much as possible for our pasture finishing operation.

Quarterback (P) sustained a hip injury in 2013 and we did try him with some cows, and the sons in this sale team are the result of that natural joining. However, it became clear during the last joining that he cannot handle a paddock of cows for natural service.

Of course, we have also been using him through AI in our ET programs, and the first of these are also catalogued.

Seven sons of Quarterback (P) are in the auction this year and they can be found for sale in lots **3, 8, 14, 48, 53, 68 and 73.**

Reference Sires

DANGARFIELD TORNADO

DANGARFIELD JACK JUNIOR (P)

DANGARFIELD QUARTERBACK (P)

DANGARFIELD 0131

DANGARFIELD TORNADO

WAVE HILL MANILLA

DANGARFIELD 2710

DANGARFIELD 0316

Tornado was retained from the first crop of Quarterback (P) progeny. His dam was a great looking cow with a strong track record, she had 7 calves with a 370 day interval. All 4 of her sons classified with 3 going to auction to average \$8 000, and 1 daughter going into the stud.

Tornado is an impressive individual, being slick and dark coated with plenty of loose skin, a perfect sheath and structure. We are impressed by how Tornado has reproduced consistently within his progeny. His daughters are now among some of our best young cows; with style, character, and fertility all in the one package. We are confident they will make a large contribution to our herd in the future.

Tornado strides around his paddock with ease, and it is a pleasure to watch him cover the country. He won many championships in his 2 years on the show circuit, including Beef Week 2012 and the 8th Santa Gertrudis World Congress held in Brisbane in 2012.

Semen from Tornado has been exported to South Africa, Namibia and New Zealand.

To date 13 sons have sold at auction to average just over \$6 000 and gross \$90 100.

Tornado's 7 sons can be found at lots **7, 17, 41, 59, 60, 77 and 95.**

Reference Sires

DANGARFIELD UNIVERSE (PS)

DANGARFIELD JACK JUNIOR (P)
DANGARFIELD QUARTERBACK (P)
DANGARFIELD 0131

DANGARFIELD UNIVERSE (PS)

WARRILLEE VERNON
DANGARFIELD 6496
DANGARFIELD 4701

Dangarfield Universe (PS) was joined by us for the 2012-2013 season, before we sold him at our 2013 Sale for \$40 000 to Riverslea Group. After seeing his progeny born, we were able to negotiate and secure a half share back in the bull, something we are very thankful to the Martin Family for.

In 2015 we retained 1 son of Universe (PS) and sold 12 at our auction. They averaged \$8 200, and topped at \$26 500 for Dangarfield X100 selling to Jaletto Pty Ltd - to set an Australian Herd Bull Record.

With Riverslea Group having him for his second year, we used Universe (PS) in our ET Programs, and the result is 1 son in this sale. The daughters from this same flush are shaping up to be some exciting young breeders for us.

To-date Universe (PS) has sired an impressive line of daughters delivering high pregnancy and classification rates for both the Dangarfield and Riverslea Group herds.

Universe's (PS) dam, Dangarfield 6496, has a strong calving record of 9 progeny to date, with a 359 day calving interval and is PTIC this year.

Over the last couple of years, especially through our ET programs, it has become obvious that crossing Dangarfield Quarterback (P) over Warrillee Vernon daughters (*same pedigree as Universe (PS)*) is a consistently good cross.

Semen of Universe (PS) has been exported to New Zealand and Paraguay.

One son of Universe (PS) can be found in lot **52**.

Reference Sires

DANGARFIELD VALLIANT (P)

DANGARFIELD JACK JUNIOR (P)

DANGARFIELD QUARTERBACK (P)

DANGARFIELD 0131

DANGARFIELD VALLIANT (P)

DANGARFIELD FRANKINSTEIN

DANGARFIELD 1429

DANGARFIELD 461

It was a big call to put Valliant (P) on the market but the decision was made to help mark our 25th Anniversary Sale in 2013. He sold for \$23 000 to Yulgilbar and we have had positive feedback on his progeny.

We collected semen before Valliant (P) was sold and we used him straight away through our ET Programs - the results are catalogued.

Valliant's (P) dam, Dangarfield 1429 was a great old cow and she was only just recently sold. She produced 13 natural calves with a 368 day calving interval; 5 sons averaged \$9 000 at auction, another was sold privately, and 3 daughters went into the stud.

Valliant (P) has produced the extra doing ability that we have come to expect from his pedigree.

Valliant's (P) 3 sons can be found at lots **4, 6 and 11**.

Reference Sires

DANGARFIELD VEGAS

WARENDA ROLEX [A]
HARDIGREEN PARK LEGEND
PINAROO P78

DANGARFIELD VEGAS

DANGARFIELD BEACON
DANGARFIELD 9097
DANGARFIELD 3107 (P)

Vegas was retained to continue on some strong bloodlines in his pedigree. By Hardigreen Park Legend, who produced big performing, fast finishing progeny suitable for pasture finishing.

Out of a highly fertile Dangarfield Becon daughter, Dangarfield 9097 who had produced 12 progeny with a 360 day calving interval. Her sons averaged just under \$7 000 and 3 of her daughters went into the stud herd.

We are very impressed with the Vegas progeny with consistency across the entire line. His first daughters have also returned a strong preg test result this year.

We made the foolish mistake of selling Vegas privately after his first joining! We have now purchased semen back in the bull and will be using him in our ET programs.

Vegas's 12 sons can be found at lots **12, 21, 26, 27, 31 39, 40, 42, 46, 51, 72 and 97.**

Reference Sires

DANGARFIELD SECOND-TO-NONE

YARRAWONGA JIMBO

DUNLOP HILLBILLY

DUNLOP 374

DANGARFIELD SECOND-TO-NONE

CAPRICORN GLENGARRY [ET]

DANGARFIELD 1460

DANGARFIELD 4344

This sire had some impressive data backing him when we decided to retain him from our 2010 sale draft. At 23 months of age he weighed 804kg with a daily life gain of 1.10kg, scanned 120 for eye muscle and measured 42 cm scrotal circumference. This raw data was after only 55 days of light sale preparation.

Second-To-None was out of an impressive dam, Dangarfield 1460. She recorded 11 calves with a 375 ACI.

Dangarfield 1460 produced 2 daughters that went into the stud, 3 of her sons went to auction and 1 son was sold privately. Dangarfield 1460 is by one of the greatest sires that we have seen in our herd - Capricorn Glengarry. Glengarry did some amazing things for us and left many great daughters producing top shelf progeny in our herd.

Second-To-None sustained a leg injury early in life, but this has not affected his desire to get calves! When joined in one of our larger breeder paddocks he could be found in any corner on any day, he really covered some country. This is also backed up by the number of sons in this catalogue when you consider they are all from multiple joined paddocks of cows.

To-date Second-To-None has sold 11 sons at auction to average just over \$5 300 and top at \$16 000.

Semen of Second-To-None has been exported to South Africa, Namibia and New Zealand.

Ten sons can be found at lots **2, 10, 18, 23, 67, 76, 78, 79, 87 and 88.**

Reference Sires

DUNLOP KALAHARI

YARRAWONGA OUTRANK (PS)

GLENN OAKS A62

GLENN OAKS X45

DUNLOP KALAHARI

DUNLOP SY835

Kalahari was purchased in 2010 from Santa Central for \$28 000 for the top priced unled bull and the top priced horned Santa Gertrudis bull sold in Australia that year.

We took a liking to Kalahari for his character, scale and carcass quality. Kalahari has a good, thick topline and is strong into the shoulders. He has a docile nature, but not when there is work to be done! He is very active and was multiple sire mated for 3 seasons, siring more than his fair share of calves.

Kalahari is producing a consistent line of progeny. He is certainly putting his stamp on them and he is now being used in the single sired herd.

Thirty sons have sold at auction to a top at \$13 000 and average just under \$6 000.

Kalahari's 6 sons can be found in lots **13, 22, 34, 37, 38, and 61.**

ALPA LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
- (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
- (c) A buyer is bound by these terms and conditions by bidding at auction.
2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors, agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.
- (b) When used in these terms the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.
3. The following applies in interpreting these terms and conditions:
 - (a) The following words have the following meanings:

Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent;

Livestock means animals auctioned pursuant to these terms and conditions; and

Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions

 - (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
 - (ii) plus any GST added in accordance with clause 12.
 - (b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.
5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.
7. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.
8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.
9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.
10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.
11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:
 - (a) the purchaser's name; or
 - (b) the bid card number which identifies the purchaser; or
 - (c) the name of the person on whose behalf the successful bid was made; and
 - (d) the Property Identification Code (known as the "PIC") of destination.
12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.
13. As soon as practicable after the fall of the hammer, the buyer shall if requested by the agent, sign the agreement for sale.
14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.
15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in a written agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.
16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.
17. (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.
- (b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.
- (c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.
18. (a) Subject to this clause the sale is complete on the fall of the hammer.
- (b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:
 - (i) delivery is taken by a representative of the buyer;
 - (ii) departure of the animal from the purchaser's delivery pen; or
 - (iii) one hour after the last animal is:
 - a. in the case of pre-sale weighing, sold; or
 - b. in the case of post-sale weighing, weighed.
- (c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.
- (d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.
- (e) This sub-clause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, through delivery to and from the scales, to the buyer's

delivery pen and on to the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This sub-clause does not apply if the agent makes an announcement to that effect prior to sale.

19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.

(b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No

objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.

(c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.

(d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

(e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

(f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLIS/ERP database, the agent will inform the buyers by presale catalogue and/or announce the status prior to the offering of those lots.

20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:

(a) does not acquire title to the livestock;

(b) holds the livestock as bailee only for the vendor;

(c) must act in a fiduciary capacity in its relationship with the vendor;

(d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;

(e) is responsible for the safety and well being of the livestock;

(f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and

(g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.

21. In addition to clause 20, if payment is not made according to clause 15, but delivery has been made to, or possession obtained by, the buyer or its representative:

(a) The vendor or its agent may repossess and resell the livestock and enter property owned or occupied by the buyer or its representative if necessary to do so; and

(b) Interest may be charged at the rate usually charged by the agent for overdue accounts on any amounts which remain owing at any time.

22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.

23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the del credere agent of the vendor at law.

23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.

23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.6 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.

23.4. Title to the livestock does not pass to the agent or a nominee of the agent unless the agent, by written notice to the vendor, notifies the vendor that it is to be transferred to the agent or a nominee of the agent.

23.5. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:

(a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and

(b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.

23.6. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).

23.7. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:

(a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and

(b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.

23.8. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.

23.9. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:

(a) by this clause 23, other than as it expressly provides; or

(b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.

23.10. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.

24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.

(b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must

repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.

(c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.

25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.

(b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE – VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:

(a) pass DAFF and other regulatory authority requirements and inspections at the time of slaughter; (DAFF refers to the Federal Government Department of Agriculture, Fisheries and Forestry)

(b) are of merchantable quality;

(c) carry an NLIS device in accordance with State law;

(d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in the NVD, the livestock will have those characteristics or will be fit for the particular purpose or market; and

(e) all information in any NVD provided by the vendor is true, complete and correct in all material respects.

28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.

29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.

30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.

31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:

(a) the buyer will be entitled to delay payment for the price of all livestock in that lot only; or

(b) the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.

32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:

(a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;

(b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and

(c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by DAFF. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the DAFF certificate, existed prior to the fall of the hammer.

35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.

36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:

(a) a certificate is issued by DAFF which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;

(b) the certificate is received by the selling agent either in its original form or by fax by 5:00pm on the 7th day after the fall of the hammer; and

(c) if the condemnation is due to chemical residue the certificate follows testing in a DAFF approved laboratory which establishes maximum residue limits in excess of the Australian limit.

37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of the following:

(a) bruising,

(b) fever,

(c) partial condemnation, or

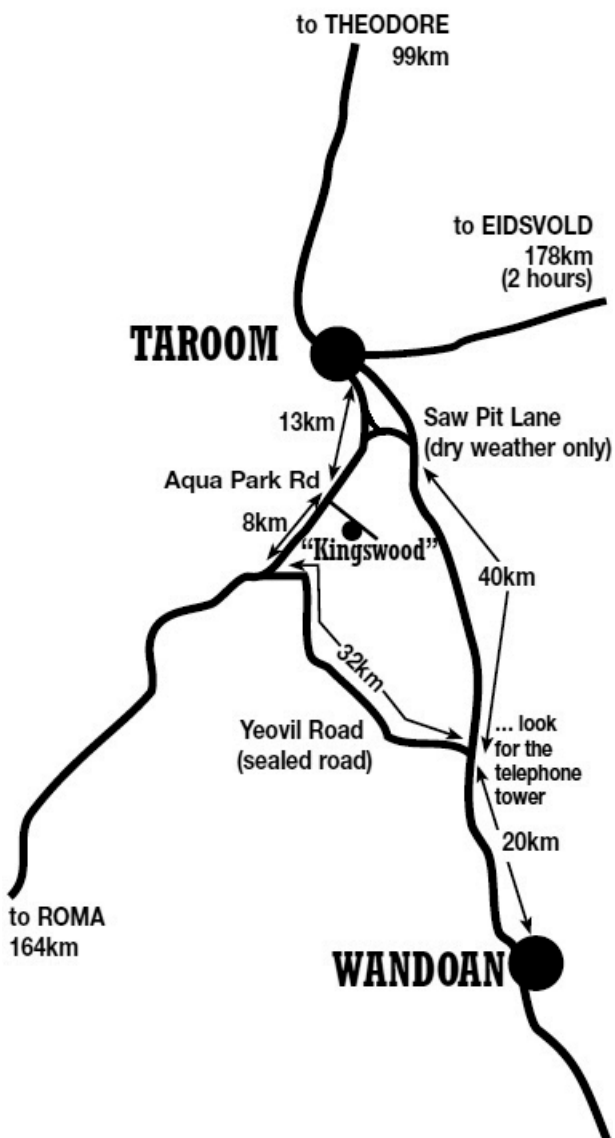

(d) emaciation.
