Welcome

CPB Livestock Photography

**On behalf of our family,
we would like to welcome you
to sale number 38.**

This year marks an exciting new chapter for the Adams Family and Dangarfield Cattle Co - a new brand, a new complex and new opportunities.

With the past couple of years now behind us, we are free to get life back on track. This sale will be our way of celebrating a new beginning. While the journey hasn't

always been easy, it has reinforced our commitment to our family, our business, our clients and our community.

The bulls in 2026 are the first to go to market with our new stud brand. Since before the purchase of Dangarfield in 1947, the brand *127* has been in use with the herd. While it will continue to be used for our crossbred and trading cattle, our stud and purebred cattle will now proudly carry our new flying A symbol brand *A*.

We're excited to welcome you to our new purpose-built sale complex. Designed with both cattle and buyers in mind, the new facility will provide a more comfortable and efficient sale-day experience. The bulls are now presented in larger, more user-friendly pens, allowing them to be viewed from two sides without the need to enter the pens. Please ask Dangarfield staff to enter the pen and move them around for you. Parking has also been relocated to Aqua Park Road for easier access. On a personal note, I certainly won't miss the three weeks each year spent setting up, cleaning and packing away the old complex.

A big milestone for our young family this year was the purchase of the 6,500ac "Brydon" from Graham and Anthea. This is a huge step for us and something we are very proud to achieve, with great family and friend support we have been able to maintain the assets that have taken 5 generations of Adams' and 80 years to acquire. Thank you Graham and Anthea for sharing this vision with us and helping make it a reality.

Earlier this year we purchased the entire MURGO STUD herd from close family friends, Paul and Karen Timmins. Its not often the opportunity to purchase a group of females like this comes along; cows who know how to survive in a challenging environment with a similar breeding program to our own and

packed full of our bloodlines with a strong poll influence. These cows are now settling into life at Dangarfield. Thank you Paul and Karen for entrusting us with carrying on your genetics.

This years' bulls never got the pleasure to graze an oats crop after weaning, so they have only ever been raised on grass and leucaena. With 105 days out from the auction they commenced their sale preparation on a pellet and silage mix in a paddock chock full of buffel grass - this is now our third year setting the bulls up this way.

We present bulls in the condition we like to buy bulls: prepared for a long productive working life, NOT fed for sale day. We take pride in presenting fit, healthy and functional bulls, sound ready to work and built to last. They are marketed with the intentions they won't take a set back and neither will you. Feedback over the last couple of years has been nothing but positive in how they have handled themselves.

Please remember that our auction is conducted "Credit Free" meaning that if there is ever an issue with a bull we sell, it will be rectified to what suits both parties, but no credit will be offered. This keeps our auction "Fair and Square" for everyone to operate on a level playing field.

PACKED WITH PERFORMANCE AND BACKED BY FERTILITY

With a herd of over 60 years breeding, this year you will notice some consistent and proven sire lines, plus the first release offering by some of our exciting bulls: Ego Rock, Frontier (PS)(IVF), Fame & Fortune (IVF), and Funky Thang (P), who were all collected in 2023, then used over some of our best donors in IVF.

If you would prefer to come for an inspection prior to the sale please contact us. We would be only too happy to show you around and talk one on one. It is always easier and a more relaxed environment than actual sale day.

Thank you to all of the people who have helped us throughout the year. From our loyal and dedicated staff, to friends and family who have stood by us with what we are trying to achieve, and the staff at SGBAA, THANK YOU!

Thank you for showing interest in our cattle and what we are doing here at Dangarfield.

Regards,
Ben and Amanda Adams, and Family

Introduction

Since the purchase of Dangarfield in 1947, we have always strived to breed quality, highly fertile cattle that are easy-doing with a good temperament, therefore making them easy and efficient to manage while increasing profits with lower input costs. We believe that the draft of bulls this year reflects these goals well.

This year we have enjoyed continued demand for pasture fed private sale bulls. Basically we are not breeding enough of them. Our goal is to sell you an investment in your herd's future and for us that means a firm grip on quality control. With this private sale demand it will be keeping our auction numbers hovering around 55-60 bulls, or approximately one quarter of what we market annually.

The stud was founded in 1983 after running a pure Santa Gertrudis commercial herd for over 30 years, and strict criteria is maintained to keep them producing at an optimum. Our motto, **'Calf or Carcass'** has been enforced for over 45 years.

Without high fertility, calving ease, correct structure and docility the longevity of a breeding herd is compromised. There is a cost of raising a female through to weaning her own first calf and this is spread over the number of calves produced in her lifetime. Maximising her longevity reduces her total running cost and boosts your profits.

The vast majority of our heifers are joined at an average of 12 months of age, with the exception of ET and IVF progeny that are outside our natural calving period. Droughts and early weaning over the last couple of rough seasons has also seen us hold some heifers back for another year before mating.

All females need to calve unassisted and must go in calf each year thereafter, or be turned over to carcass. There are only 2 ways that a cow doesn't make you money annually: she dies, or you don't sell her if she fails to reproduce. Our stud herd is joined in a combination of single and multiple sire paddocks. Further to this, we are fully committed to IVF programs throughout the year. For a cow to be considered for the donor program she must first have a proven track record for consistent early calving and quality progeny. Ideally her dam would also have an impressive track record.

For each sale bull, their dam's natural calving dates and average calving interval (ACI) have been supplied. The calving interval is calculated automatically by HerdMaster from when her first calf is born. It is the average number of days

between natural calving dates across a dam's breeding lifespan. As with all averages, it becomes a stronger indicator when more progeny are recorded. We have decided to supply this data in our catalogue because we believe it is solid information about our females' reproduction.

Please note throughout this offering there is small group of dams who were held over in 2019/20 joining due to extreme poor seasonal conditions. With a lack of supplementary feed available in time we made the call to hold these cows back and put them through an early AI program.

It has been very gratifying over the last couple of years, but in particular of late, on the positive feedback about the daughters our bulls are providing their respective herds. From a lift in conception rates, to milking ability and overall performance, this feedback is always appreciated. Although, it doesn't surprise me, after all our herd has been strictly managed along these traits for over 60 years. To see clients' cattle performing above expectations in any area gives us a greater thrill than watching our own cattle performing well. Over the last 15 years, 90% of our sales at auction have gone to repeat clientele.

We strive to produce cattle with low birth weight, rapid growth, with the constitution and ability to easily put on condition off pasture, and backed by high fertility and good temperament.

Our herd has been developed on these standards for longer than we have been around and it will continue to be pressured to achieve all of these goals.

When purchasing our cattle, you can be confident with generations of fertile and efficient cattle that are backed by accurate information, as well as our stud, family and personal reputation.

Feedback on your purchases and their progeny is always welcome.

**"GO ALONE
AND YOU MAY
GO FAR, GO
TOGETHER AND
YOU BOTH WILL
GO FURTHER"**

Notice to Buyers

INSTRUCTIONS TO BUYERS

In the interest of all buyers, all instructions covering the delivery of cattle purchased at this sale **MUST** be given in writing and signed by the buyer or their representative. The agents responsible for the books will provide a form for this purpose.

TRANSPORT

Transport is available from 'Kingswood'. All bulls delivered, at purchaser's risk, to saleyards at Roma, Moura, Eidsvold, Miles or similar distances and enroute if possible.

REBATE

A rebate of 3% will be allowed to agents introducing buyers (NON Santa Gertrudis Australia Association Members only) in writing 48 hours prior to the sale and making settlement on their behalf within 7 days of the sale.

REFRESHMENTS Lunch will be available at 'Kingswood'.

ACCOMMODATION

Places to stay in Taroom

INJURY TO PERSON OR PROPERTY

All persons who attend the Sale do so at their own risk and the vendors assume no liability or responsibility, legal or otherwise, for any accident, injury, death or infection which may occur. No children shall enter any pens. Please ask our staff to enter the pens to give you a better viewing.

DISCLAIMER

Every care has been taken in compiling this catalogue to ensure accuracy of information supplied, but no responsibility is accepted for any errors which may have occurred.

Treatment History

HEALTH

The herd is TB and Brucellosis free.

The herd is a Level 6 J-BAS.

'Kingswood' is a tick-free area.

TREATMENT HISTORY

All bulls have passed a crush-side semen test and Lab tested morphology.

Noted below are the treatments each sale bull has received throughout the course of their life:

April-June 2024: All females that returned PTIC received:	Booster 7-in-1 Booster Pestiguard
---	--------------------------------------

Nov-Dec 2024: All calves branded received:	5-in-1
--	--------

April-June 2025: All calves weaned received:	Booster 5-in-1 Bomectin Injectable
--	---------------------------------------

All yearling bulls received:

Sep 2025	3-Germ Blood
----------	--------------

Nov 2025:	Initial 3-day - Vibro - 7in1
-----------	------------------------------

Dec 2025:	Booster 3-day - Vibro - 7in1
-----------	------------------------------

Feb 2026:	Longrange Botulism - Maximax Pour On - Aggressor Fly Tag
-----------	--

March 2026:	Crushside Semen and Lab Morphology tested
-------------	---

May 2026:	Classification and sale team selected
-----------	---------------------------------------

June 2026:	Swish Pour On
------------	---------------

Aug 2026:	Morphology Retesting - Scrotal Measured, Weigh, Muscle and Fat Scan
-----------	--

Reference Sires

DANGARFIELD BIG CASINO (P)(IVF)

You need to see this sire in the flesh to appreciate him. You can just stand back and be impressed with a whole lot of bull. Strong headed, full through the barrel and square in the rump. We haven't seen a sire with this great constitution since DANGARFIELD QUARTERBACK (P) and they are not related.

A placid nature and active in his cows. DANGARFIELD BIG CASINO (P)(IVF) is joined to some of our leading ladies and we are confident you will see plenty more of his progeny to come over the next few seasons.

DANGARFIELD BIG CASINO's (P)(IVF) dam, DANGARFIELD 5309 (P) produced 11 natural calves, plus 1 IVF calf.

His grandam, DANGARFIELD 3501 produced 5 natural calves with a 369 ACI.

DANGARFIELD BIG CASINO (P)(IVF) has sold 21 sons at auction to average \$11,800, and reach a top price for DANGARFIELD 3P111 (PS) of \$26,000 to S Duncan, Taroom. Two sons have also been retained.

DANGARFIELD BIG CASINO(P)(IVF) is at Kingswood for the off season if you would like to inspect him.

TEN SONS represented at lots 5, 7, 18, 27, 29, 30, 31, 37, 52 and 53.

Reference Sires

DANGARFIELD CURIO (P)

DANGARFIELD CURIO (P) is breeding one of the more consistent lines of progeny we have seen. The majority of them carry his strong attributes – good strong head, smooth make, great nature and dark coat.

We are now using DANGARFIELD CURIO (P) heavily as we are so impressed with what he is doing, and he is just so versatile. His progeny are easy to identify in any mob.

We use him in a wide range of females, both in type and pedigree, and he “clicks” with most of them. Safe to use in AI for maiden heifer programs and he also is athletic enough to cover them with natural service.

He breeds enough power and carcass, while also maintaining fertility in his daughters - a hard combination to find.

DANGARFIELD CURIO (P) has sold 16 sons at auction to average \$16,250, including the sale topper, DANGARFIELD FUNKY THANG (P) for \$34,000 to Rockingham Stud. Four sons have been retained.

DANGARFIELD CURIO (P) is at Kingswood for the offseason if you would like to inspect him.

FOUR SONS represented at lots 10, 26, 33 and 45.

Reference Sires

DANGARFIELD FIREWALL (IVF)

When we are taking inspections through the sire paddock at Kingswood most will comment "Who is that over there?!" before we get up close to DANGARFIELD FIREWALL (IVF).

Dark, huge carcass, full of meat and amazing constitution. He would have to have the longest hip to pin I've ever seen. Far too big now to put in our weigh box, but I'd estimate him 1,200kg plus. He has never been supplementary fed in his life, yet he gets around like he has never been worked even at the end of the joining season.

He is an active sire when covering his cows.

We have retained a son from this first drop of progeny and we have an impressive run of his sons in the current weaner drop.

His dam, DANGARFIELD 7209 (P) has 6 natural calves with a 403 ACI, plus 43 IVF calves and remains active in our breeding herd.

DANGARFIELD FIREWALL(IVF) graddam, DANGARFIELD 3076 (P) had 6 natural calves with a 367 ACI, plus 9 IVF calves.

Great granddam, DANGARFIELD 0106 had 12 natural calves with a 356 ACI.

TWO SONS represented at lots 1 and 11.

Reference Sires

DANGARFIELD FAME & FORTUNE (IVF)

We debated for a long time wether or not to offer DANGARFIELD FAME & FORTUNE (IVF) to the market in 2023, he was collected prior to the auction, then sold to Valencia Farming & Grazing Co. for \$31,000. That same day his full brother, DANGARFIELD FRONTIER (PS)(IVF) sold to Daandine Pastoral Co. for \$21,000.

Great thickness, full of meat and thick right through, easy doing, proud and upstanding.

His dam, DANGARFIELD 4731 has 5 natural, plus 8 ET/IVF calves and has 4 sons sold at auction to average \$24,750, including DANGARFIELD EXTOL for \$26,000 to Hatcham.

Some great cows calving history looking back into the dams' pedigree of these 2 sires:

DANGARFIELD 0207 13 natural, plus 14 ET - DANGARFIELD 1429 with 13 natural DANGARFIELD 2573 with 12 natural, plus 10 ET - DANGARFIELD 2710 with 6 natural DANGARFIELD 4541 (P) with 9 natural - DANGARFIELD 9360 with 11 natural - that is 69 natural calves from 7 cows (averaging just under 10) within 3 generations of their pedigree.

THREE SONS represented at lots 4, 9 and 47.

Reference Sires

DANGARFIELD FRONTIER (PS)(IVF)

Sold to Daandine Past Co. for \$21,000 in 2023, his full brother, DANGARFIELD FAME & FORTUNE (IVF) sold for \$31,000 that same day.

Extra length, full through the barrel and packed with meat - sums up DANGARFIELD FRONTIER (PS)(IVF) pretty quick and easy.

His dam, DANGARFIELD 4731 has 5 natural, plus 8 ET/IVF calves and has 4 sons sold at auction to average \$24,750, including DANGARFIELD EXTOL for \$26,000 to Hatcham.

Some great cows calving history looking back into the dams' pedigree of these 2 sires:

DANGARFIELD 0207 13 natural, plus 14 ET - DANGARFIELD 1429 with 13 natural DANGARFIELD 2573 with 12 natural, plus 10 ET - DANGARFIELD 2710 with 6 natural DANGARFIELD 4541 (P) with 9 natural - DANGARFIELD 9360 with 11 natural - that is 69 natural calves from 7 cows (averaging just under 10) within 3 generations of their pedigree.

SEVEN SONS represented at lots 6, 12, 13, 14, 35, 38 and 57.

Reference Sires

DANGARFIELD EGO ROCK

DANGARFIELD EGO ROCK was one very cool customer. He was only lightly shown in 2022 at Taroom and Roma Shows - coming home from Roma with Supreme Exhibit of the Show.

He had a placid nature, and we have a photo of him on his second day of being tied up being scratched by a 2 year old Mitchell.

Silky smooth skin, and big butted. Check out the meat he has packed into his sons. We had high hopes for him but unfortunately only a couple of weeks into his first natural joining he was crippled in a front foot and had to be put down.

TWO SONS represented at lots 3 and 20.

Reference Sires

DANGARFIELD FUNKY THANG (P)

The gentle natured sale topper of 2023 at \$34,000 to Rockingham Stud.

Plenty of scale, trim and tidy. We have seen him since the sale at Tara Station and he has continued to grow out into an impressive sire.

We have retained a son for our stud herd this year and we will go back to using more of DANGARFIELD FUNKY THANG (P) in our IVF.

ONE SON represented at lot 25.

Reference Sires

DANGARFIELD EVOLUTION (PP)

A PP sire who is by the big horse sire DANGARFIELD ZONTA (PS) and out of a dam with the great cross of DANGARFIELD QUARTERBACK (P) and Warrillee Vernon.

Slick coated, trim sheath and thump are the best way to describe DANGARFIELD EVOLUTION (PP). He has got good scale and he has bred on well.

DANGARFIELD EVOLUTION (PP) has sold 1 son at auction, DANGARFIELD HOLEY MOLEY (PS) for \$11,000 to Annabranh Holdings.

THREE SONS represented at lots 2, 8 and 21.

ALPA LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.

(b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.

(c) A buyer is bound by these terms and conditions by bidding at auction.

(d) Competition and Consumer Act (Cth) 2010

It is unlawful for parties that are, or otherwise would be, in competition with each other to make, or give effect to, a contract, arrangement or understanding that contains a provision relating to:

- i. price-fixing; or
- ii. restricting outputs in the production and supply chain; or
- iii. allocating customers, suppliers or territories; or
- iv. bid-rigging; or
- v. collusive bidding.

Large fines and other sanctions may be imposed for unlawful conduct.

2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors and agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.

(b) When used in these terms the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.

3. The following applies in interpreting these terms and conditions:

(a) The following words have the following meanings:

Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent;

Livestock means animals auctioned pursuant to these terms and conditions; and

Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions

- (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
- (ii) plus any GST added in accordance with clause 12.

(b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.

5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.

6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.

7. Prior to the fall of the hammer the auctioneer shall announce the last bid and receive any further bids. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.

8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.

9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.

10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.

11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:

- (a) the purchaser's name; or
- (b) the bid card number which identifies the purchaser; or
- (c) the name of the person on whose behalf the successful bid was made; and
- (d) the Property Identification Code (known as the "PIC") of destination.

12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.

13. The vendor warrants:

- (a) That the vendor has (or will have) the right to sell the livestock at the time of delivery; and
- (b) That the purchaser will obtain title on completion of the purchaser's obligations under this contract in payment.

14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.

15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in an agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.

16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids

in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.

17. (a) Cattle sold on a live/weight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the Hammer.

(b) Cattle sold on a live/weight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.

(c) All livestock other than cattle sold on a live/weight basis are at the risk and expense of the buyer upon the fall of the hammer.

18. (a) Subject to this clause the sale is complete on the fall of the hammer.

(b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:

- (i) delivery is taken by a representative of the buyer;
- (ii) departure of the animal from the purchaser's delivery pen; or
- (iii) one hour after the last animal is:
 - a. in the case of pre-sale weighing, sold; or
 - b. in the case of post-sale weighing, weighed.

(c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.

(d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.

(e) This subclause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and onto the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This subclause does not apply if the agent makes an announcement to that effect prior to sale.

19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.

(b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.

(c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.

(d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

(e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

(f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLIS/EEP database, the agent will inform the buyers by presale catalogue and/or announce the status prior to the offering of those lots.

20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:

- (a) does not acquire title to the livestock;
- (b) holds the livestock as bailee only for the vendor;
- (c) must act in a fiduciary capacity in its relationship with the vendor;
- (d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;
- (e) is responsible for the safety and well being of the livestock;
- (f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and
- (g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.

21. The purchaser agrees that:

(a) Clause 20 creates a registrable security interest under the Personal Property Securities Act (Cth) 2009 (PPSA);

(b) The Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 25 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;

(c) The Livestock are collateral for the purposes of the PPSA;

(d) To the extent permitted, the Purchaser waives any right the Purchaser has under the PPSA to receive notices; and

(e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to this contract

22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or

- any person or entity arising from the vendor exercising its rights under clauses 20 or 21.
- 23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the *del credere* agent of the vendor at law.
- 23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.
- 23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.5 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.
- 23.4. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:
- (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
 - (b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.
- 23.5. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).
- 23.6. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:
- (a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
 - (b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.
- 23.7. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.
- 23.8. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:
- (a) by this clause 23, other than as it expressly provides; or
 - (b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.
- 23.9. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.
24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.
- (b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.
 - (c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation so to do, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.
25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.
- (b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE – VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:
- (a) pass government and other regulatory authority requirements and inspections at the time of slaughter;
 - (b) are of merchantable quality;
 - (c) carry an NLIS device in accordance with State law;
 - (d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in any document, the livestock will have those characteristics or will be fit for the particular purpose or market; and
 - (e) all information in any document provided by the vendor is true, complete and correct in all material respects.
28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5.00pm on the 7th day after the fall of the hammer

then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.

29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.
30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.
31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:
- (a) the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
 - (b) the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law, or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.
32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:
- (a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
 - (b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
 - (c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR – OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.
34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by government. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the relevant government certificate, existed prior to the fall of the hammer.
35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.
36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:
- (a) a certificate is issued by government which states the relevant NLIS RFID tag number and PIC, the date of issue of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
 - (b) the certificate is received by the selling agent either in its original form or by fax or electronic communication in the form of data, text or imaging by 5.00pm on the 7th day after the fall of the hammer; and
 - (c) if the condemnation is due to chemical residue the certificate follows testing in a government approved laboratory which establishes maximum residue limits in excess of the Australian limit.
37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of bruising, fever, partial condemnation or emaciation.

CHAPTER FIVE – NOTICES REQUIRED BY LEGISLATION

NSW Property, Stock and Business Agents Act 2002 Warnings Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:

- (i) to abstain from bidding; or
- (ii) to bid to a limited extent only or
- (iii) to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices. The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Tasmania Legislation. An auctioneer conducting a public auction must not appear to acknowledge the making of a bid if no bid was made. A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or do any other thing which may prevent free and open competition.

WA Auction Sales Act 1973 s31 NOTICE. It is an offence to:

- (i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to elect to take over as buyer or to toss or draw lots to establish who is to become the owner;
- (ii) abstain or agree to abstain from bidding as a result of such a promise;
- (iii) knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of the actual successful bidder;
- (iv) enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
- (v) in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.
